Re: Clinton Clay Pit Seed Mix M/049/0006

Hi Jon,

I compared the seed mix in your plan to the seed tag and everything on the list appears to be in the seed mix used on site. Paul Baker viewed the seed sample I collected on 10/29/2013 and confirmed that the seeds present in the mix were the seeds on the tag.

I would say you are clear to pay your contractor.

Thanks for the email.

Lynn: Can I get some sort of approval from either you or April regarding the completion of the seeding at "Clinton" in order to pay the contractor.

Thanks,
